SGS

Test Report No.: GZ08061143693/CHEM Date: JUL 02 2008 Page 1 of 4

SHANXI SUNNY GLASSWARE FACTORY SHENZHEN OFFICE
RM 204, BAOHUI BUILDING, DONGHU ROAD, LUOHU DISTRICT, SHENZHEN, GUANGDONG, CHINA

The following sample(s) was/were submitted and identified on behalf of the applicant as: Coffee glass

SGS Ref No. : SZ1112697
Buyer : TEDI
Manufacturer : SHANXI SUNNY GLASSWARE FACTORY
Country of Origin : CHINA
Country of Destination : GERMANY
Sample Receiving Date : JUN 25, 2008
Testing Period : JUN 26, 2008 TO JUL 02 2008

Test Requested : In accordance with German Food, Articles of Daily Use and Feed Code of September 1, 2005 (LFGB), Section 30 & DIN 51032:1995.

Test Method : With reference to EN 1388: 1995.
Analysis was performed by Inductively Coupled Argon Plasma Spectrometry.

Conclusion : When tested as specified, the submitted sample(s) do not comply with the limit as stated the German Food, Articles of Daily Use and Feed Code of September 1, 2005 (LFGB), Section 30.

Signed for and on behalf of

Green & Social Compliance Policy Statement

Shenzhen Sunny Glassware Co. Ltd

Packaging Reduction

- We have a team in place focusing on the reduction in size/weight/type of packaging.
- We measure the amount of, composition of, and/or weight of the packaging we use.
- We have specific goals in place to reduce the size/weight of packaging.

Suppliers, Permissible harvests and origin of raw materials

- Before beginning a business relationship with a manufacturing facility, we evaluate their quality of production and capacity for production.
- We employ chain-of-custody certification to ensure that we know precisely where our raw materials come from.

Third-Party Certifications

- We have obtained property certifications for the products that we sell or we utilize materials that are currently certified.
  - SVHC
  - Lead Environmental Impact Assessment (EIA)
- We incorporate the Society of the Plastics Industry labeling system for packaging containing PVC.

Other considerations:

- We are willing and able to publicly report our environmental performance to buyers on an annual basis using a recognized, third-party method.
- We are considering the following aspects:
  - Water use management
  - Environmental management systems
  - Noise pollution prevention
  - Permissible harvests and origin of raw materials

Social Responsibility

- We have a process for managing social compliance at the manufacturing level.
- We work with our supply base to resolve issues found during social compliance evaluations and also document specific corrections and improvements.
- We invest in community development activities in the markets we source from and/or operate within.
- We have obtained certifications for labor policies and work practice, currently certified.
  - Certifications that prove your compliance with local laws and regulations
