KitchenAid, long known for durability and iconic design, introduce its most powerful new, professional grade All-conscious consumers to the Red Dot Design award," says president Raf Vanthoor.

Delighted to be collaborating again with German award-winning designer Ralph Kraemer, BergHoff has recently launched nine new cutlery collections combining classical characteristics with contemporary design features. During the award ceremony, Vanthoor said, "our aim for this year is to bring you something that's different from what you've seen before."

With Leo, BergHoff brings playful colours, pure shapes and soft textures to the kitchen. Wooden handles versus synthetic ones, soft-touch materials opposed to stainless steel, cork and bamboo fibres. The company's in-house designer Pieter Roex chose each resource to demonstrate its particular qualities in function and design—"an approach that caught the eye of the Red Dot Design jury who promptly honoured the ravioli stamps and the pizza set with the Red Dot Design award," says president Raf Vanthoor.
