The Grub Tub range includes polypropylene lunch boxes in a number of bright colours that have several useful features. The box has two separate containers and it comes with plastic cutlery and grips to hold them. There's a stackable cup, and a cool bag big enough to hold it all. KitchenAid

Hall 3.1 Stand E30

KitchenAid long known for its unmatched performance, durability and iconic design of its countertop appliances, will introduce its most powerful home blender on the market. The new professional grade KitchenAid Power Plus Blender takes health conscious consumers to the next level.

For the first time since the introduction of the original The Hero Blender by Spinnaker in 1936, KitchenAid has introduced a new version of this iconic culinary workhorse for a new generation of blenders who value limited space and have smaller health lifestyles. Offering the same power and performance as its larger model, the Hero mixer is 20 per cent smaller and 25 per cent lighter than its 3.5 litre model. The mixer accommodates all optional hub-based attachments available for the larger model, so there are endless possibilities from spiraling to juicing and making pasta.

Original and new in four colours - Heritage, Matte Black, Matte Grey and Silver - KitchenAid has some exciting new colour introductions in 2017.
