The outer layer is made of retro decal paper technique, which meticulously "rubblings" the rural scenery onto the porcelain surface - winding paths, low fences, and scattered houses. Even the shapes of the clouds seem to have been kissed by the sun. When the candle is lit, the warm light shines through, as if there is really sunlight emanating from the painting

This [ceramic candle jar](#) is made of matte ceramic as its main body. It feels heavy in the hand and is a great atmosphere when placed on the table. After lighting the incense, the fragrance blends with the warmth of the ceramic surface, directly enhancing the sense of relaxation

This young and vibrant [ceramic candle jar](#) offers a variety of options. Whether it's a candle jar, or a storage jar that can bring warmth and happiness to your life, custom patterned jars offer you more options to match your home decor. You can create more patterns for your candle brand!
