### The characteristics of blown glass per month

1. Its advantage including abundance sculpture, techniques, surface effects, color etc.
2. Quality is a difficult control and the tolerance of dimensions, weight and shape is greater.
3. The price is high and the product is limited for special technical glass.

### Application method

1. Using it under the guidance of the adult
2. Wash it with clean or warm water before use
3. Do not touch the edge of the glass cup, try to take the bottom or the handle of it

### Precautions

1. Beer, red wine, white wine, drink or hot water should not be too full
2. To avoid hurting your children's hands, please put them where they cannot reach
3. Avoid falls, collisions and strong impacts
4. Not available for the microwave oven
5. To avoid breaking it, do not place it directly on the fire
