storage product ranges.

"The easiest way to spoil the look of a kitchen is uncluttered," says a spokesperson for Premier Housewares. "Getting kitchen storage that matches your design themes is essential; everything should have a place. Food that comes in flashy packaging should be in cupboard, or moved into containers, so everything in the kitchen looks like it is designed to be there."

The Grub Tub range includes polypropylene lunch boxes in a number of bright colours that have several useful features. The box has two separate containers and it comes with plastic cutlery and grips to hold them. There's a stackable cup, and a cool bag big enough to hold it all. There's an elastic strap to keep the box sealed and an elastic ring inside the bag to hold the cup in place. Grub Tub also includes various shapes and sizes of air-tight, transparent, polystyrene and silicone food storage containers. It's a range for anything you can think of.

For 2017, Finum is expanding its collection of two functional coffee brewers. Bloom and Flow is a new pour-over coffee and tea brewer consisting of a stylish glass carafe and a unique funnel insert which provides an optimised bloom and flow of coffee through the paper cone. Made in Germany, it comes with a funnel adapter which converts Bloom and Flow into a pour-over tea brewer.

Coffee Sprayer: a single-up coffee brewer (pictured) is the solution to ultimate freshness - place the Coffee Sprayer on a mug or cup and add ground coffee into the filter, the water distributor is inserted to press the ground coffee flat to the stainless steel mesh at the bottom. Hot water passes the ground coffee and fills the mug below.

## Kitchen Aid

Hall 3.1 Stand E30

Kitchen Aid long known for its unmatched performance, durability and iconic design of its consumer appliances, will introduce its most powerful home blender on the market. The new professional grade Kisses Power Plus Blender takes health conscious consumers to the next level.

For the first time since the introduction of the original The Hero Blender by Stuart Heiss in 1936, Kitchen Aid has introduced a new version of this iconic culinary workhorse for a new generation of blenders who value limited space and have smaller health lifestyles. Offering the same power and performance as its larger model, the Kisses Power Plus is 20 per cent smaller and 25 per cent lighter than its 3.5 litre model. The mixer accommodates all optional hub-based attachments available for the larger model, so there are endless possibilities from spiraling to juicing and making pasta.

Original and new in four colours - Hologram, Matte Black, Matte Grey and Silver - Kitchen Aid has some exciting new colour introductions in 2017.
