[illegible]

The diagram consists of four rows of boxes, each row containing 10 boxes. The first row has 8 black boxes followed by 2 orange boxes. The second, third, and fourth rows each consist of 10 black boxes.

Diagram illustrating a 16-bit bus structure. The top row shows 16 boxes, with the first 12 being black and the last 4 being orange. A blue line runs under the orange boxes. The bottom three rows show 16 black boxes each, representing data lines.
